

MEMBERS in the News

Peter Agre

Photo: Peter Howard

Carol Greider

Peter Agre, of the Johns Hopkins Malaria Research Institute, an ASCB member since 1988, and **Carol Greider**, of the Johns Hopkins Institute for Basic Biomedical Sciences, an ASCB member since 1996, were two of 17 Johns Hopkins faculty and professional staff members designated as Gilman Scholars.

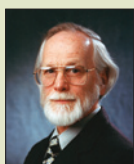

David Asai

David Burgess

David Asai, of the Howard Hughes Medical Institute, an ASCB member since 1979, and **David Burgess**, of Boston College, an ASCB member since 1978, were newly appointed as members of the National Science Foundation's Biological Sciences Advisory Committee.

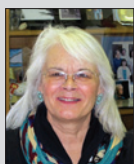

J. Michael Bishop, of the University of California, San Francisco, an ASCB member since 1980 and ASCB President in 1995–1996, was the recipient of Research!America's 2011 Raymond and Beverly Sackler Award for Sustained National Leadership.

Elaine Fuchs, of The Rockefeller University, an ASCB member since 1980 and ASCB President in 2001, was selected as the 2011 Passano Laureate by the Passano Foundation.

Eric Lander, of the Broad Institute and Massachusetts Institute of Technology, an ASCB member since 1998, was recently named by Reuters as the world's "hottest" researcher. He was one of the principal forces behind the Human Genome Project and continues to be on the cutting edge of genomic discovery and innovation.

Margaret Werner-Washburne, of the University of New Mexico, an ASCB member since 1990, was recently presented the Harvard Foundation's 2011 Distinguished Scientist Award.

In Memoriam

We note the recent passing of ASCB member Richard G.W. Anderson, and express our condolences to his family, friends, and colleagues. ■
