

2nd Midwest Membrane Trafficking and Signaling Symposium

July 24, 2015

**Kosair Charities Clinical & Translational
Research Building (CTRB)**
505 South Hancock Street, Louisville, KY, 40202

This one-day symposium at the University of Louisville brings together scientists whose research is focused on various aspects of membrane trafficking and signaling in the context of both health and disease. The symposium includes a keynote talk given by an outside expert in the field, invited talks given by local speakers, talks from selected students and postdocs as well as a poster session. With this symposium, we hope to enhance scientific discussion and foster collaboration among faculty, students and postdocs at various Midwest institutions working within the field of membrane trafficking and signaling.

Keynote speaker:

Dr. Sandra Schmid, UT Southwestern Medical Center

Local speakers:

Dr. Jeffrey Elmendorf, Indiana University School of Medicine

Dr. Raymond Boissy, University of Cincinnati College of Medicine

Dr. Comert Kural, The Ohio State University

To register and/or submit an abstract for the poster session, please go to: <http://ascb.org/mmtslouisvilleregistration>. The deadline for poster abstract submissions is **June 26th**. The deadline to be considered for a talk is **June 26th**. General attendance registration is open until **July 10th**. Registration is free, but space is limited!
